

70 To 80 Divisions Are Added To Nazi Forces By Italians

LONDON, June 12.—Italy's entry into the war at the side of Germany will add from 70 to 80 divisions to the Nazi armed forces in addition to a strong air force and navy, authoritative British sources estimated last night.

It was believed the Italian army would be more effective than they did in the 1937 campaign which was marked by the Caporetto disaster in which the Italian lost 80,000 effectives and thousands of guns in one month.

The Germans are expected to order the Italians to invade the French Riviera but the Allies are confident this task will prove more than Italy can handle. Attacks on the Allied Mediterranean bases at Corsica and Cyprus also are expected.

"These attacks will involve establishment of difficult communication links which can be maintained only at heavy cost, these sources said."

Corsica, because of its proximity to Italy, probably will be the easiest Italian objective and it probably will be invaded to strengthen the morale of Italian troops and people but from the Allied point of view it has little military value.

In Africa Italy's first objective is supposed to be Tunisia. French military quarters are confident that the "desert Maxwell line" separating Tunisia and Libya will withstand the Italian assault.

From the economic point of view Italy's entrance into the war will prove of little or no advantage to Germany, these sources said. Since the outbreak of the war Italy and the Netherlands have been unable to export "pipe lines" through which the Reich circumvented the Allied naval blockade. Now Holland has been destroyed and Italy has become a belligerent and thus is subject to the blockade on the same basis as the Reich.

ANOTHER STRAIN
Another heavy economic strain is the fact Italy now will have to receive its coal from Germany instead of importing a large percentage of it from the Allies and neutrals. It is believed here, however, that Mussolini probably has created large strategic stocks of coal in addition to petroleum, cotton and other vital raw materials to see the outbreak of the war. These stocks are not expected to last more than a few months under wartime conditions and unless the axis powers gain a victory within that time, the hope of final victory will be lost.

Rome also is expected to encounter considerable difficulty in maintaining supply lines to the 200,000 troops it has stationed in Libya. Food, supplies and water all must be shipped to these troops from Italy and this probably will prove difficult with strong Allied naval forces in the Mediterranean.

F.D.R. WORKS TO SPEED UP ALLIED HELP

National Defence Program Grows To Five Billion Dollar Mark

WASHINGTON, June 12.—President Roosevelt worked yesterday to reach all possible material help to the Allies, while Congress continued its rapid-fire action on the national defence program, now grown to \$5,000,000,000.

The President announced to a press conference that the United States' loss of military supplies are being covered to an extent which is expected to be paid for by Great Britain and France. At the same time, the Senate, by a 68-18 vote, approved legislation to permit the government to dispose of surplus goods left over from the first Great War. In a way which will make them available to the Allies.

BILLS RUSHED ALONG
Meanwhile, congressional bills related to the Roosevelt signed the 1-100,000,000 naval appropriation bill.

2.—The House of Representatives passed and sent to the White House a measure authorizing 10,000 planes, 10,000 pilots, 25 new combat vessels and 25 new auxiliary ships for the navy, and specifically approving an 18-per cent increase in its total surface fleet.

3.—The Senate approved legislation in which the approval of the sale of guns was written—authorizing an army air corps of unlimited size, giving the president broad power to restrict the exportation of war materials and permitting the government to construct and lease munitions plants. The measure now goes back to the house for action on Senate amendments.

4.—The House appropriations committee reported a supplemental army appropriation bill of \$1,700,000,000, for many defence purposes, including an addition of 50,000 men to the regular army.

5.—The House passed and sent to the Senate a \$1,000,000,000 tax bill which would make 2,000,000

Takes No Chances

In top hat and morning coat, but prudently carrying his gas mask, British war lord Winston Churchill is pictured arriving at Westminster Abbey for recent National Prayer Day services.

more persons subject to income taxes and generally boost federal tax rates. The bill would increase the national debt limit \$4,000,000,000—from \$45,000,000,000 to \$49,000,000,000—to give leeway for defence borrowing.

Working meantime to get the nation's industries geared up to high speed production of defence items, William S. Asa, chairman of the National Defence Commission, conferred with Edsel Ford, president of the Ford Motor Company, who said that as soon as his company gets contracts it can quickly switch to mass production of pursuit planes.

Verbal Approval Given By King To War Declaration
LONDON, June 12.—King George gave verbal approval yesterday to Canada's declaration of war against Fascist Italy as from June 10.

This was the second time within a year that the King's approval had been sought by cable to hasten Canada's declaration. On Sept. 10 the same procedure was followed when Canada entered the war against Germany.

Britain Urged To Make Greater Use Of Canadian Industry

OTTAWA, June 12.—Prime Minister King informed the House of Commons yesterday steps had been taken to urge British authorities again to make greater use of Canadian industry in manufacture of war supplies.

LINER STOPPED BY SUBMARINE FEELS RELIEF

Passenger Debarking From Washington When Told Proceed

WASHINGTON, June 12.—The United States state department announced Tuesday that the United States liner Washington left with 1,200 passengers en route from Europe was stopped early yesterday morning by an unidentified submarine which first ordered abandonment of the ship, but later allowed it to proceed.

The liner was on its way from Lisbon in Galway, Eire, to pick up additional American troops.

The state department released the exchange of messages between the Washington and the submarine in which the submarine first ordered "Leave ship."

BLIND MESSAGES
The exchange of messages between the Washington and the submarine by blinder signal in the early dawn follows:

Submarine: "Stop ship. East-to ship. Torpedo shot."

Washington: "American ship." Submarine: "Leave ship."

Washington: "American ship." Submarine: "Ten minutes."

Washington: "American ship." Submarine: "No answer from submarine."

Washington: "American ship." Submarine: "Thought you were another ship. Please join on. On."

BOATS BEING LOWERED
The state department said that upon the order to "Leave ship," the passengers and crew, the latter numbering 370, were ordered to lifeboats and some of the boats were actually being lowered when the order came from the submarine to "Leave go on."

The Washington proceeded and soon afterwards sighted a second submarine but without any interference.

It is reported that 22.5 per cent of the injuries and 56.5 per cent of the fatalities in traffic deaths during 1939 were traced to exceeding the speed limit.

KING GEORGE SENDS CABLE OF SYMPATHY

Mrs. Rogers Gets Messages From Monarch, Earl Of Athlone

OTTAWA, June 12.—Messages of sympathy on the death of Defence Minister Rogers were received yesterday by Canadian high commissioners in London, directing him to inform the British government of the desire of industry in the dominion to increase production of essential war materials. Mr. King said.

The prime minister read the letter message to Mr. Massey which had been sent June 8 and which included a memorandum from the association.

PLEDGE CO-OPERATION
This memorandum pointed out that Canadian manufacturers turned out \$1,200,000,000 in war supplies for the Imperial Munitions Board in the first Great War, and in the intervening years Canadian industrial expansion has made possible vastly increased manufacturing facilities.

The manufacturers again extended every possible co-operation to the Allied governments but "the time for placing small experimental orders is past."

The British and French governments were urged to place orders immediately what they want in large quantities from Canadian manufacturers.

"On receipt of this information Canadian manufacturers will place their plans accordingly as to use their plants to the best advantage."

CO-OPERATION
In his cable message to Mr. Massey, the prime minister said the manufacturers' delegation "expressed great concern that Canadian manufacturing capacity continued to be idle, and such a waste of degree in the supply of essential war materials for the Allied governments."

The Canadian government continues to be of the opinion that Canadian plants might be utilized to a far greater extent in this respect, Mr. King continued.

18 SHIPS LOST DURING WEEK OF JUNE 2

LONDON, June 12.—The admiralty announced Tuesday that the total of British merchant shipping lost by enemy action during the week ended midnight Sunday, June 10, was 18 ships, of which 24,000 tons were lost from evacuation of Allied troops from Flanders through Dunkerque, France.

Excluding the Dunkerque withdrawal, the admiralty listed these losses for the week:

British—11 ships, 54,715 tons.
Allied—Four ships, 17,930 tons.
Neutral—Three ships, 7,923 tons.
Total—18 ships, 80,568 tons.

The admiralty said that losses at Dunkerque must be regarded as far less than might have been expected in an operation which a large number of vessels were employed under exceptionally hazardous conditions.

Up to June 8, the statement continued, 23,000 British, Allied and neutral ships had been conveyed by the British navy with a loss of only 32 ships.

GRASSHOPPERS RAVAGE SOUTH ALBERTA CROP

LETHBRIDGE, June 12.—About 90 per cent of the stubble-in crop has been destroyed in southeastern Alberta where "very severe" grasshopper infestation is taking a heavy toll, entomologists here reported yesterday.

The devastated area is that from Mary Lake Island, north to Medicine Hat, southwest through Winnipeg to Fortman and the international border, and east into Saskatchewan.

Farmers hope to save summer-fallow crops with a vigorous poison bait spreading campaign in which loss of bait are being watched daily. No hope is held for stubble-in crops which have been cleaned off.

Swarms of hoppers are reported in various districts of the area and in one field over 800 hoppers were counted per square foot and there was no appreciable reduction in number of live pests, the entomologist reported.

Calgary Alderman Arrested Tuesday Under Defence Act

CALGARY, June 12.—Alderman Patrick Lemih, elected in November, 1938, to the Calgary city council as a popular representative, was arrested yesterday by Royal Canadian Mounted police for the second time since the war began.

Ald. Lemih faces a charge under the defence of Canada regulations, the nature of which was undiscussed. He was taken into custody at his home and is held without bail. Ald. Lemih was arrested on a defence of Canada regulations charge in September, 1939.

Gibraltar Is Now Said Invulnerable To Attacks By Air

By The Canadian Press
British army engineers, who finished what nature started in making a fortress of Gibraltar, say the defence works that have made the rock invulnerable since 1704 have been modernized to be just as safe from attack by air.

The specially-trained defenders of "the rock" believe they can hold out indefinitely against siege, and at the same time beat off any enemy attempt to force passage through the mighty Alameda gateway to the Mediterranean.

The great grey limestone rock, 1,400 feet above the water and points like a gnarled finger a mile wide and three miles long toward Africa.

ANTI-AIRCRAFT GUNS
His seaward faces cannot be shelled, deterred by, and the narrow, low sandy link with Spain could be covered with an impenetrable force from hidden batteries.

The mighty fort could be shelled either from bases of Spanish Morocco, but the giant guns of Gibraltar, manned by crews behind protecting walls of steel and solid stone, could fire back to equal with troop quarters and stores.

Defence against air attack is based almost entirely on the use of anti-aircraft batteries. That is because land or water air bases for pursuing ships are vulnerable both to bombing or shelling from a distance.

But is provisioned to stand storms of siege, and rainfall catchment tanks have stored up millions of gallons of water.

TESTED IN 1775
Newly completed is the system of air raid shelters bored into the rock. Some protected overland by 125 feet of solid rock—will hold 1,200 persons.

A mass of passages through the stone link supply and ammunition stores with troop quarters and firing positions.

Gibraltar was put in the test in 1775, when British soldiers began the "great siege" which lasted three years and seven months, and almost 30,000 British soldiers with 100 cannons held the rock against a combined Spanish and French force of 60 warships and 40,000 troops.

1000 DAILY IS FORD'S PLAN TO BUILD PLANES

DETROIT, June 12.—Mass production of high-speed pursuit planes for the United States army—at least 1,000 a day within six months—will not be a simple task, Henry Ford Tuesday, but they can be built, off his assembly lines without interruption in normal output of automobiles.

The 76-year-old magnate made this assertion in an interview after he and his engineers thoroughly inspected the type of plane the United States war department believed would be "most needed in an emergency." It was a Curtiss P-40, single-engine machine with a top speed of 367 miles an hour.

Newspaper Head Dies In New York
GREAT NECK, N.Y., June 12.—Editor Henry Planchette, 63, member of the general management of Hearst newspapers and retired business manager of the American weekly died yesterday.

He had been in poor health for some time and had been in the hospital for several weeks.

He was born in New York and had been in the newspaper business for over 40 years.

He was a member of the New York State Bar Association and the New York State Chamber of Commerce.

TAKE YOUR TRUCK SOAR TO HIGHER SALES HEIGHTS on Greater Owner Satisfaction!

FARGO OWNERS PRAISE—
RELIABILITY • LONG LIFE • ECONOMY • PERFORMANCE
FARGO's spectacular sales increases are due to the satisfaction FARGO Trucks have given to owners, in all types of hauling and delivery service. Designed from the ground up for truck duty by world-famous Chrysler Engineers, FARGO Trucks are built in Canada by Chrysler to meet Canadian requirements. Ask any FARGO owner how Fargo Trucks perform.

MORE REPORTS FROM FARGO OWNERS
Lower Cost of Maintenance
"The 1934 I purchased my first Fargo Truck and was so impressed by its performance and economy that I decided then and there that I would naturally operate exclusively with Fargo Trucks. I bought two additional Fargo Trucks in 1937, one in 1938 and one in 1939, because my fleet of five trucks is 100% Fargo... The cost of maintenance on all these units has been considerably lower than we expected."

Pleased with Performance
"We have owned three Fargo Trucks for 34 months at different miles, and as yet we have never had a defect that soured the performance of this Fargo. Our operating costs have been comparatively low, the only repairs that have been necessary on this truck are the replacement of three fan belts and a valve and carbon job on the regular engine."

Visit your nearest Chrysler-Fargo dealer or write him for the big new 56-page Fargo Manual illustrating the complete FARGO line for 1940.

What To Do

6-12

I am to be married next month and I am puzzled just when during the ceremony I hand my flowers

the maid of honor. Every one I know about this gives me a different answer. Just what are the duties of the maid of honor? MISS C. C. C.

Answer—In some churches the first fire ceremony takes place at the chancel rail. In others the betrothal ceremony takes place at the chancel rail. In still others the ceremony is at the altar, where the bride and groom, maid of honor and best man follow him to the altar where the marriage takes place.

In the first type of ceremony, the bride generally hands her flowers to the maid of honor after the clergyman says, "Who giveth this woman to be married?" and the bride

father makes his response. This way he leaves the bride's left hand entirely free while the wedding ring is put on. In the latter ceremony the bride hands her flowers to the maid of honor when she reaches the altar.

After the ceremony the bride takes her bouquet from her maid of honor in her right hand and walks down the steps with her left hand through the right arm of the groom. If the wedding gown has a train, the maid of honor may arrange it after the bride turns to go down the aisle in the recessional.

CROP OUTLOOK FOR PROVINCE IS PROMISING

Hon. D. B. Muellen, Minister of Agriculture, Issues Third Report

Crop conditions in all districts of Alberta are good, with the outlook promising, according to Hon. D. B. Muellen, minister of agriculture, in releasing Wednesday his third departmental crop report of the current season. Many districts describe growing conditions as ideal, he said.

Shower weather has occurred throughout the province during the last two weeks, with rainfall varying from a fraction of an inch to nearly three inches in the St. Paul area, where it was urgently required. Growth of crops is strong and vigorous in many districts, despite the lateness of seeding, wheat has almost reached normal development for the season.

SEEDING COMPLETED

Seeding is completed except for the sowing of grain in arid areas, said Mr. Muellen. Pastures and forage crops are being seeded.

Mr. Muellen declared that cultivation from grasshoppers and night moths has been reported from the southeast corner and the Grande Prairie district.

Condition of livestock is good, with much improvement noted. But production is maintained as pastures continue to develop. Poultry and bee-keeping remain active.

What is reported from six to 10 inches high in many districts and above a strong, vigorous growth, with satisfactory standing. Wherever mature conditions were achieved during seeding, a remarkable growth has occurred since rain was received.

Grain crops are making rapid growth, but are late.

SOYABEAN CROPS

Sowing of forage crops is taking place on an extended scale, while many stands continue to develop, are reported as excellent. Damage from insects is limited to grasshoppers in the south-eastern corner of the province and wire and cutworm in the Peace River section.

In areas where there was a long winter, stock is now satisfactory. There is no special concern over stock, some herds are being sold, and many are being put on pasture. A recently completed survey shows numbers are increasing with few losses of young pigs are reported.

Markings are about 60 per cent greater than last year.

BOWCOTT ASKS EMPLOYMENT OF BRITONS ONLY

Only British subjects, born in the British Isles or native-born Canadians, should receive consideration when applications are being considered for appointments to civil staff positions at the present time, Mr. Bowcott expressed this view in the opinion of the British subjects of the Edmonton public school board Tuesday night during consideration of an application for a caretaking position at the McLeod school.

Despite the fact that the birth certificate of the applicant showed he was born in the United States of America, Mr. Bowcott expressed his opinion, saying in part: "Naturalization is no guarantee that a person can be trusted as a loyal citizen in these days. The Empire we live in is one that the worst fifth columnists have been those who look on official citizenship after coming from other countries years before. I am not objecting to their people holding any job but I think that the job should make it a rule to hire none but British and Canadian-born persons."

The board noted Mr. Bowcott's expression but did not follow his suggestion. It approved of the appointment on the recommendation of the plant inspectors.

Russ Embassy Is Badly Damaged By Japanese Bombs

CHUNGKING, June 12.—The Soviet embassy was badly damaged by bombs yesterday as Japanese warplanes subjected this provincial Chinese capital to the heaviest attack since May of last year.

It was the first time a foreign embassy in Chungking suffered a direct hit.

Amid the ruins of his embassy, surrounded by four 500-pound bombs, the Soviet ambassador declared he and his staff would carry on, although the main building was unusable.

Bombs fell in the garden of the British ambassador's home but the building was not damaged.

Canada Legislation Staff Quits Paris

PARIS, June 12.—All members of the Canadian legislation have evacuated the French capital. The legislation has been set up in a chateau located at the disposal of the dominion's representatives by the French government.

To Hold Banquet

Students attending university week for farm young people will gather at a banquet at 8:30 p.m. in Athabasca hall, when prizes will be presented.

Canada's Defence Minister, Three Companions Killed In Air Crash

Defence Minister Norman Rogers and three companions were killed at Newtonville, near Bowmanville, Ont., in an air crash it has been announced from Ottawa. Mr. Rogers is seen left, when he recently visited R.C.A.P. at their station in England during his recent trip to London to confer with British military and political leaders. Mr. Rogers is seen, right, with Major-General Creer and Mr. Vincent Massey, Canadian high commissioner in London, at the time of his London visit.

TAG DAY WILL AD OBJECTIVE IN S.A. DRIVE

Salvation Army's Committee Hopes To Boost Fund Saturday

In one of the local quack may come closer to the Edmonton badge objective of \$30,000, a "tag day" tag will be held here the National War Service campaign committee on Saturday, June 16.

The tag day is being sponsored by the Women's committee, under the leadership of Mrs. Sidney Wood. Announcement of the planned one-day drive was made by H. R. Miller, K.C., chairman of the campaign committee.

Funds obtained will be used at the 13 auxiliary halls which have been erected in various military camps throughout the dominion, as in the Aldershot camp, and four mobile canteen units now operating in various places, as well as for replacement of the lost ambulance units, and for the new Hotel Levee recently opened in London, which has accommodation for 200 men.

Canadian Salvation Army women's auxiliary recently forwarded 11 large rolls of canvas for the troops of the First Division, and these were distributed to the soldiers during March.

A second quota of overseas officers have been organized in Canada and will proceed overseas with the second division when it leaves for military service abroad. Members of the executive of the National Red Shield Campaign are: Chairman—J. H. Miller, K.C.; Vice-Chairman—J. H. Miller, K.C.; Secretary—J. H. Miller, K.C.; Treasurer—J. H. Miller, K.C.; Publicity—J. H. Miller, K.C.; and other members.

Farm Students See Industry In Plant Visit

One hundred of the young people attending the University Week for farm young people visited the plant of the Northern Alberta Dairy Pool and the Edmonton Technical school Tuesday afternoon. At the dairy process was in producing the dairy products from cream and milk produced on their own farms in the Edmonton district was observed.

At the technical school much of the machine shop work, electrical work and other industrial arts taught there were of particular interest to them from rural areas.

I.O.D.E. FUND BUYS SMOKES FOR SOLDIERS

Members of the Imperial Order of the Daughters of the Empire organization have instituted a Field Comforts Fund, by which cigarettes, tobacco, chocolate and other comforts will be forwarded to soldiers serving overseas with the Canadian Active Service Force.

The I.O.D.E. has completed arrangements with Canadian transportation companies to carry these comforts free, while excise also is being waived.

This means that money donated to this fund will go a maximum distance in providing comforts with a minimum defrayed for shipping.

You can help the boys overseas enjoy relaxation from the rigors of their duties by donating to the fund.

The Bulletin is happy to report donations and to hand them over to the I.O.D.E., and all such contributions sent to The Bulletin will be acknowledged in these columns.

Previously acknowledged, \$22.00, Dr. D. G. McQueen Chapter, I.O.D.E. 11-0.

Sugar Replica New Hospital Is Exhibited

When those attending the banquet in honor of the opening of the new General hospital building sit down at the table today they will see a replica of the building before them.

Made entirely of sugar, the model is the work of Chief E. Thompson of the General hospital. It is about two and one-half feet long by one and one-half feet high and the chef was three days completing the work.

All details of the construction are shown in detail, including the correct number of windows and doors.

At the table today they will see a replica of the building before them.

VISITORS FEEL PASSPORTS WILL DETER TOURISTS

New passport regulations recently passed by the United States government, applicable to Canadians entering the U.S., will adversely affect this country's tourist trade, according to opinions expressed here Tuesday by Oregon and California visitors.

Forrest E. Cooper, of Lakeview, Oregon, executive secretary of the Three Flages Highway Association and C. Beverley Keen of Los Angeles, Cal., advertising representative for Chrysler car sales division, accompanied by the visitors to express their views.

They are touring in a "travel development car" supplied by the National Auto Club of San Francisco, visiting Alberta parks and the Jasper-Banff highway.

Messrs. Cooper and Keen on Tuesday met Premier William Aberhart and members of his cabinet, accompanied by the visitors to express their views.

Citizens Advised Of Sister's Death In Enemy Action

Word was received in Edmonton on Tuesday by Mrs. J. Mills of 1104 95 street, and Mrs. J. Mills of 10743 100 street, of the death at sea, by enemy action, of their sister, Mrs. D. Manley of Zealand.

The late Mrs. Manley was stewardess on a British steamer, and was serving overseas with the Royal Canadian Mounted Police.

She was 35 years of age, and was married to Mr. J. Mills, a son of 32 years of age.

Both Mrs. Mills and Mrs. Seddon are well known in Edmonton where they have resided for some years.

Police Accident Prevention Work Praised By Board

Appreciation of the work of the Edmonton police department in educating the school children of the city in accident prevention, was voiced by members of the school board Tuesday night.

The board decided to forward a letter of thanks to Chief Constable G. H. Shute thanking him for the splendid work of himself and other members of the force, and in particular, Sergt. Maj. Alex. Riddell, for lectures delivered in the city schools.

BAND CONCERT HELD ON LAWN AT UNIVERSITY

On the lawn amid the trees in front of the Arts building 43 members of the Edmonton School Boys' band under the direction of T. V. Nesbitt presented a concert of band music for those attending the University Week for farm young people and a number of visitors.

An old English Maennerchor dance from the Rundle mansion that was held on May 28 in Victoria Park, was also performed on the lawn by a group of girls from the United Church Young People's Society of Banff, directed by Rev. J. Stephens.

Following the program on the lawn 30 girls and five men from one of the youth training classes in physical education in the province, under the Dominion Provincial Youth Training Program, gave an exhibition of their work.

Their program included rhythmic exercises of the kind that have been introduced from Denmark in recent years, tumbling by the five men, and folk dancing and games by the girls. The performance of the youth training group was given in Convocation Hall.

Westling Selected By Board As Name For New School

Westling will be the name of the new high school now under construction in the west end.

Public school board gave approval to the name at a regular meeting Tuesday the members being informed that a better choice could not have been made.

Westling was suggested by Principal John Nordin of Westmont school, who is a member of the teachers' representative committee.

The name fits the name of the school and also presented a pleasant contrast to Eastwood at the opposite end of the city.

Naturalization Applicants Under Close Scrutiny

Efficiency of the close scrutiny being kept on alien enemies resident in Canada was demonstrated at the naturalization court at the court house when for the first time in recent history a member of the R.C.M.P. appeared with file papers of all applicants.

Nine applications for recommendation for citizenship were passed by His Honor Judge Larrieu Buhay, who refused to recommend two of the nine, Joe Poles, one Norwegian and one Austrian.

FARM YOUTH SEE ENTERTAINMENT BY UKRAINIANS

Twelve boys and girls of the M.H. Ukrainian Institute under the direction of Norman MacIsaac presented a number of Ukrainian national folk dances for the group attending University Week for farm young people on the stage of Convocation Hall Tuesday evening.

Miss Helen Masur, Edmonton, was accompanied by Miss Olga Cramer, who also played for the dancing.

Three members of the Legionnaire concert party, Jimmy Don, Jack Jones and Jack New, performed as a comedy trio dressed in full Scottish regalia and performed some amusing numbers.

Looking Them Over

By Jack Kelly
Co-Op Spreads
Bronks Use It
Imperative

WHEN Frank Coulton introduced the co-operative system into hockey at Olds last winter, I predicted that the idea would probably spread through western Canada and probably to other sports. Coulton ran his team from a sort of first base where all living expenses were pooled. The players took all gate receipts, paid operating expenses for the club and split what was left over.

The idea has already spread. Calgary Bronks of the Western Football Conference will operate this fall on much the same basis. The players have two representatives on the club executive to look after their interests. Full details of the arrangements have not been made public, but it has been announced that under no circumstances will the pay exceed the gate receipts.

In the meantime the Bronk executive is launching drive after drive in an effort to pay off the deficit that resulted from last year's operations. This debt is reported to be around the \$5,000 mark at present.

I have deep and sincere admiration for the sportsmen who are keeping the Calgary in conference football under present circumstances. They are shouldering a load that would wear out an elephant. Playing 60 minutes in every game of the schedule would be a relaxation compared to the constant grind these executives have to maintain so that Calgary may enjoy top-notch football.

But if these go-getters can infect Calgary with football fever next fall as an antidote for war blues and tension, they will be doing a grand service to their city—a service that deserves far better support than it is apparently receiving.

Co-op System Is Solution

THERE are scores of places in western Canada, which are even now wondering vaguely if they will be able to operate hockey clubs again this coming winter. There is no use dodging the fact that the war has made the problem of financing hockey a ticklish one.

However there is not the slightest doubt but what every effort should be made to keep the game going along with all other sports. The maintaining of national morale demands that.

This situation seems one that can best be solved by paying the players on a percentage basis. Players and club executives can agree in advance on what is to be operating expenses and these will be a first charge against the gate. The balance is then split among the players. Clubs fortunate enough to be able to provide players with jobs are of course over the hump.

In view of the value of sport at this time, players should be prepared to co-operate on the matter of remuneration. Athletic services are the least they can give in the nation's war effort.

On the other hand, operators of clubs and other sport plans should also co-operate. This is a time when reductions could and should be made in the charges for the use of such plants.

While every possible effort should be made to keep senior and intermediate sport divisions operating, it is absolutely imperative to see to it that juniors, juveniles and midges are kept playing. There is a terrific job of reconstruction to be done by these youngsters after their elders have finished mopping up the European gangsters. Now is the time when we must build strong bodies and clear, energetic minds for post-war problems.

Your TASTE too changes!

Just as fashions and customs change, so, too, does your taste appreciate change. Reward your taste with a change of time to Hiram Walker's OLD RYE! There's a good reason why your taste will call it a change for the better!

Hiram Walker's OLD RYE is Aged in Aged wood

Just as the finest Scotch whiskies and the rarest French brandies are aged in casks that have been pre-mellowed by time, so is Hiram Walker's OLD RYE aged in aged wood. Taste for yourself the delicious lightness and quality this gives to OLD RYE's flavor. Change, today, to Hiram Walker's OLD RYE!

Dodgers Take Second Place In Senior Ball

HOLDING the Arrows to six scattered hits and striking out nine, Duke Baer hurled the Dodgers to their second straight win by the score of 5-3 last night at Renfrew Park in one of the best Central Alberta League ball games seen here this season.

The Dodgers began their margin of victory in the seventh inning, landing on Lefty Beller for three hits which resulted in four runs.

After allowing Morgan's men only two hits, obtained in the first inning, Ed. Beller went to pieces and was clubbed out in the seventh. Bally Lupul went in to relieve and was troubled for the remaining two runs.

Dodgers opened the seventh with Morgan reaching first on Carney's error, advancing to third on Williams' line drive into centre-field. Balle was sent in to bat for Jimmy Lupul and reached first on a fielder's choice. Brant fled out to Broderick. Williams then grounded out. George Green then hit safely, atwart and Eaton scored.

In the ninth, McCully, replacing Brant, singled. He was followed by second when Carney dropped the throw and came home on Kilburn's single.

Arrows scored in the second on a hit, error and wild pitch. In the sixth they scored a run on two hits and a stolen base and again in the seventh they counted again when Hank Ornest tripled to deep center, and came home on a passed ball.

Hitting heroes went to Williams, Stearns and Ornest. Williams had six hits in four trips to the plate. An oddity of the game was Second Baseman Ornest of the Arrows having no chances in the field.

JESUITS LOSE TO CRUSADERS IN LACROSSE

Crusaders defeated Jesuit College in a lacrosse match at a Tuesday evening in a fast Midwest Lacrosse League match at the Central Alberta grounds. It was a hard fought but clean contest. The Crusaders made a gallant effort in the last period to avoid defeat but were held to two goals, which left them one short.

Jesuits get away to a two-goal lead in the second period by getting the only goal scored and notched two more in the third stanza. While they held their opponents in check, Jesuits forced the play in the fourth period and registered twice.

Joe Brunelle and Dubois were in charge of the game and lived the teams up as follows:

Crusaders—Foster, Gaudet, Marshall, McDevitt, O'Brien, Fleming, McKenna, Fourn, Alkin, Fleming, Gaudet, Chodnicki, DeLoach, Behlmer, Gerner, R. Gaudet and Rogge.

Jesuits—Foster, Pariza, Trudeau, L'Heureux, Dineen, Thibault, Gaudet, Gaudet, Chodnicki, DeLoach, Behlmer, Gerner, R. Gaudet and Rogge.

GOAL SUMMARY

First period: 1. Jesuit, C. Gaudet; 2. Jesuit, R. Gaudet; 3. Crusaders, Fleming; 4. Crusaders, Fleming.

Second period: 1. Crusaders, Behlmer; 2. Marshall; 3. Crusaders, 4. Barclay from Hooty; 5. Pariza; 6. Behlmer; 7. Alkin.

Third period: 1. Crusaders, Hardy; 2. Crusaders, Barclay; 3. Jesuit, Alkin.

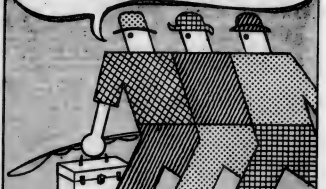

Fourth period: 1. Jesuit, Brunelle; 2. Jesuit, Pariza from Chodnicki.

Plamondon Wins

Exclusive to Edmonton Bulletin

PLAMONDON, June 12.—Plamondon defeated Silver Fox 10 to 2 in the first round of the 1940-41 season at Silver Fox. A battling rally in the first round won the winners seven runs. Ubal Plamondon, hit safety in five trips to the plate.

PAKE

Paul Dean Cuts To Four Hits In First Start

CHICAGO, June 12.—Paul Dean Tuesday came back up the same trail. Dizzy plodded down last week by holding Chicago Cubs to four hits in New York game swept a doubleheader 4-0 and 3-1 and moved toward second place in the National League.

"Dizzy" made his first start of the season in the second game and walked the first man he faced. This pass, with a single and an infield out, gave the Cubs their only run of the second game. After the first inning Dean was invincible and he finished unspectacularly strong, riding 11 men in error in the last four frames.

Bill Lohman pitched five-hit shutout ball for New York in taking the first game.

First Game:
New York 300 000 000 10 1 0
Chicago 000 000 000 0 0 0 0
Batteries: Lohman and Danning; Lee, Root and Collins.

Second Game:
New York 000 000 000 0 0 0 0
Chicago 000 000 000 0 0 0 0
Batteries: Dean and O'Day; Plafieau, Rastbrenner and Todd.

WALTERS AGAIN BEATEN
CINCINNATI, June 12.—Buckley Walters, who ran up a nine-game winning streak before dropping, ended his losing streak to two Tuesday as the Phillies pounded him for nine hits and a 4-0 victory over the Reds.

Philadelphia: 000 000 000 0 0 0 0
Cincinnati: 000 000 000 0 0 0 0
Batteries: Beck and Warren; Walters and Lombard.

American League
BOSTON, June 12.—Boston Red Sox chased Bill Haller in short order Tuesday as they routed the Yankees 10-0.

Batteries: Haller and Danning; Root and Collins.

TIGERS TROUNCE YANKS
NEW YORK, June 12.—Detroit Tigers intercepted Alton Bonville's bid to win his first game as Yankees' pitcher.

Batteries: Bonville and Danning; Root and Collins.

WALKER BEAT BROWNS
WASHINGTON, June 12.—Although caught in a tight spot, Walker beat the Browns 1-0 Tuesday.

Batteries: Walker and Danning; Root and Collins.

HOMER BEATS ATHLETICS
PITTSBURGH, June 12.—A home run by Homer beat the Athletics 1-0 Tuesday.

Batteries: Homer and Danning; Root and Collins.

DEMPSY AND JACOBS READY TO END FEUD

NEW YORK, June 12.—Jack Dempsey and Mike Jacobs, two fight men with a feud, are about ready to take the hatchet out of each other's neck and bury it.

As the first gesture toward the knee-and-make-up scene, Jack will trot out today to Carmel, N.Y., where Jacobs is training for the 10-round tussle with heavyweight champion Joe Louis June 20 at Yankee Stadium.

Dempsey will do some light work, spar some and offer advice.

This little business not only should attract attention to the children, who were 15 rounds with the brother in February, but also may be Jack's first move toward a return to the ring in a series of exhibitions around the country.

Now's going to be in a fight with someone in Atlanta next month for charity, and after that his ad-vice, say, anything can happen.

Jack and "Uncle Mike" have been something less than Damon and Pythias in their association recently. Jack has been criticizing Mike for "talking back" by a "monopoly."

The signing of Red Burman and Bob Meekins for a fight in Detroit, said Mike did not want to offer Meekins more to fight someone else at about the same price.

FIGHTERS DISAPPOINT
Jack was interested in a couple of fights with Mike and Bill. Each was given a shot under Mike's provision in Madison Square Garden and the fight faithful did not particularly wild over either.

Now it's plain that things have taken some kind of a turn. The word is around that both are ready to call the row off.

Holland Warship At Halifax Took Part In Fighting

HALIFAX, June 12.—One of the Netherlands warships which brought the Prince Juliana and her two children to Canada took part in the fighting when German planes invaded the low countries last month, officers said when they arrived yesterday.

The ship covering the evacuation of the Netherlands troops from the island of Zealand province, Tins was where Dutch troops met their last stand in the southwestern part of Holland when the German hordes overran their country.

When the soldiers were evacuated in transports, they were protected by the crew of the Dutch ships going to sea.

They also carried the troops to the ship to the safety of Allied waters.

HOW DOES HE KNOW?
Eddie Simms now up and reckons he did not find Joe Louis right.

Simms landed only 15 seconds. So perhaps did not have time enough.

Crumwell States Stomping Now Taken From His Rebuke

NEW YORK, June 12.—James H. Crumwell, who recently resigned as United States minister to Canada, said yesterday that he was disappointed and growing pro-Allied sentiment in the United States had taken the sting from the rebuke administered to him by the state department for "speaking out of turn" in Toronto several weeks ago.

Mussolini Gift Is Taken Down In Rome, Georgia

ROME, Ga., June 12.—A bronze reproduction of the famous Capitoline Wolf presented this North Georgia town in 1929 by Premier Mussolini, was removed from its marble base yesterday on order of the city and returned to the United States flag. Action was described as a protest against Italy's declaration of war.

B.C. Will Ensure Supplies Of Spruce For Allied Plans

VICTORIA, June 13.—Hon. John Hart, minister of forests, disclosed yesterday the provincial government is taking steps to ensure large supplies of British Columbia spruce being made available to Allied plane manufacturers.

Under provisions of the Forestry Act timber stands exceeding 2,000,000 feet must be advertised from week to week in two months before they may be sold. The government plans to make arrangements to dispense the timber at a price as low as possible.

Quinnell paid \$63.60.

Buffaloes Beaten In Snappy Contest 4-3

ARMY AND NAVY PATS came from behind to defeat Buffaloes 4 to 3 Tuesday night, at Kingsway Stadium, in a Girls' Senior Softball League game. The meeting of these clever teams attracted close to 300 fans who were treated to a keenly contested and well played struggle. The win put Pats in first place with two straight victories.

Eileen Renick pitched the full distance for Buffaloes and Beryl Westbrook for Pats. The former only yielded six hits, half as many as Beryl, but Pats managed to hunch their safeties while the down bingles allowed by Westbrook were kept well scattered.

Buffaloes took a two-run lead in the initial frame, Joyce Rankin angled and scored when Beryl doubled, the latter came home while Westbrook was thrown out at first.

PATS WIN IN
Pats knotted the count in the fourth after two were down. Kay Heim doubled to center and went to third on Rankin's error. Del Davidson's triple scored Heim and Del tallied on Westbrook's single.

Pats won the game in the seventh by registering a pair of markers. Westbrook valiantly fought off Del Davidson in the eighth, but Jerry Martin tripled to left. Babe Dupont's single tallied Martin.

Buffaloes rallied in the eighth but were held in one run. Vicki Winick called. Dolly Lane was safe at first on Martin's error. Bill Holland angled to send Winick over the plate.

KAY METCHEE STARS
Kay Metchee played brilliantly in left field for Buffaloes. She made three fine running catches of close by Del Davidson in the second, Jean Morris in the sixth and Vicki Rankin in the eighth. Beryl Westbrook, fielded her position well, making three points and seven assists without a slip. Jerry Martin handled seven chances at second base for Pats in perfect style.

Avenue Aces and Buffaloes met in the next game Friday, at 7 p.m. at Kingsway Stadium.

Meetings, Picnics Of Aliens Banned

HAMILTON, Ont., June 12.—Warminster county council yesterday passed unanimously a resolution outlawing all meetings or picnics held by aliens.
